

Section 1.0 – Nominee Contributions and Accomplishments

Section 1.01 Describe the nominee's contributions to the construction management profession

- D \ 37-year career focused on construction management (CM), initially as an owner and subsequently as a service provider. Starting her career in the CM Division of the California Department of Transportation, - D \ was one of the first women to run large construction projects as a Resident Engineer. She led teams of inspectors, office engineers, material testers, and administrators. As president of \$ % & Associates, a highly respected Construction Management/Program Management firm, - D \ grew the company to over 180 highly qualified professionals. Her leadership qualities led \$ % & into the future while expanding the company's capabilities. Her vision for expansion and passion for CM while fostering a people-oriented family culture led to enormous success for the staff and the clients they served.

Section 1.02 Describe the nominee's contributions to the construction management industry

- D \ contribution to the CM industry is demonstrated by her mentorship for small firms. She began mentoring CM firms through the Mentor/Mentee program in the mid-2000s. \$ F P H Associates, who have grown their business successfully over the last 20 years, was her first mentee. She continues this collaboration as a teaming partner. Currently, - D \ mentors \$ % & Partners, a woman-owned CM firm where she assists with strategic planning and business guidance. - D \ spearheaded an ACEC committee in 2002 to gain an understanding of the requirements and ramifications of SB1999, which impacted
